- Connect the box to TV with the AV cable or HDMI cable
- Connect the USB memory to the box if necessary
- Connect power to the box

Create a Google Checkout account

You can pay for the items you purchase from Android Market with a Google Checkout account. You can set one up the first time you purchase an item on Android Market, or ahead of time in a web browser.

In a web browser, go to <http://checkout.google.com> to establish a Google Checkout account.

OR The first time you use your Box to buy an item from Android Market, when you're prompted to enter your billing information, you can set up a Google Checkout account.

Warning! When you've used Google Checkout once to purchase an application from Android Market, the Box remembers your password, so you don't need to enter it the next time. For this reason, you should secure your Box to prevent others from using it without your permission.

Download and install an application

1. Find an application you want and open its details screen.
2. In the application's details screen, you can read more about the application including its cost, rating and user comments, and information about the developer.
3. Click to download and install the application. (If it's a paid application, the button is labeled with the price.)

How to Open google play store

- Click the Market icon in the Launcher or on the Home screen.
- When you open Android Market for the first time, you must read and accept the terms of service to continue.

Browse for applications

You can browse applications by category and sort them in different ways.

1. On the Android Market home page, Click a top-level category, such as Apps or Games. Click a subcategory to view its list of applications.

2. Scroll to view subcategories and Click the one you want to explore.

Click to view top paid, top free, or the most recent applications in this subcategory.

Click an application to open its details screen.

3. Click Top paid, Top free, or Just in to further sort the subcategory.

Uninstall an application

You can uninstall applications you downloaded from Market using Market. You can also uninstall applications you downloaded from Market and from other locations in the Settings application's Manage Applications screen

1. On the Android Market home screen, press Menu and Click My apps.
2. Click the application to uninstall.
3. Click Uninstall.
4. Click OK in the confirmation dialog.
5. Click the explanation that best matches why you're uninstalling and Click OK.
6. The application is uninstalled. You can install the application again at any time, without charge if it was a paid application.

Managing your downloads

1. After you've downloaded and installed an application, you can rate it, view it in a list with your other downloaded applications, configure it to update itself automatically, and so on.
2. View your downloaded applications
3. You can view a list of the applications you've downloaded from Android Market, and use the list for a number of purposes.
4. On the Android Market home screen, press Menu and Click My apps.
5. In the list of the free and paid applications that opens, you can Click one to rate it, uninstall it, request a refund, and so on.
